

NON PRO SLOTS FOR THE 2019 NCHA FUTURITY...

How do they work?

Slots are the term used to assign an entry in the Non Pro Division of the Futurity, Derby and Classic Challenge. A slot enables an entry to be made as the rider and not a particular horse (a named entry).

WHAT IS THE BENEFIT OF A SLOT OVER NAMING YOUR HORSE?

- You can change your mind which horse you want to ride in the Non Pro Events.
- You can go buy a new horse that's exactly what you're looking for, especially if you see it work well at a pre-work.
- Accidents & injury, floods & fire happen to you or your horse: with a slot you can then sell it to someone else.
- The sale of a slot or named entry prior to the draw will attract a \$165 administration fee.
- Sale of a slot or named entry after the draw will attract a \$300 fee. The buyer will be required to submit horse's registration papers or a bill of sale showing proof of ownership to the NCHA.
- When a Non Professional sells a slot after the draw they cannot repurchase another slot in that class. They may however buy a horse from another Non Professional which is entered in that class and show the purchased horse in the draw which has been assigned to that horse.
- Slots need to be named prior to the draws being done. You can, however, name your slot after the draws have been done but this will attract a \$300 fee. All slots must be named prior to the commencement of the event (48 hours prior).
- PLEASE NOTE: A slot purchase will only be accepted if a transfer form and a new entry form in the new owners name is filled out.

THINGS THAT YOU CAN'T DO WITH A SLOT...

- A slot cannot be transferred to the open divisions
- Remember it's not a slot if you have named the horse and sent in registration papers (etc) on the first monination payment - if you name it at the second, third, fourth, fifth & sixth payment it's no longer a slot.
- Slots are only available for Non- Professional Divisions, so you can only get a slot in the Non Pro Futurity, Non Pro Derby or the Non Pro Classic Challenge.

STILL NOT QUITE SURE WHAT TO DO WITH A SLOT?
