

Troy Randell Biographical Note

Some of you may already know me but for those of you who don't I have been involved in the industry since being a youth rider in the late 80's and 90's and later on becoming a trainer.

In my time as a trainer I have introduced and helped a lot of Non Pros. I am very passionate about the grass roots and non pro sector of the sport, but realize that we still need to continue to improve the prize money and the profile of the top end of our great sport.

I have been heavily involved in running some major shows, the most recent being the 2018 Victorian Futurity, I have also been assisting in running smaller weekend shows.

My wife and I run a successful beef enterprise and I feel I have a sound grasp of what it takes to be financially viable on a business front. It is with this background that I feel I have something to offer the NCHA of Australia and its members.

I look forward to your support
